HIGH-QUALITY MULTI-PURPOSE ENGLISH LANGUAGE ASSESSMENT

LANGUAGECERT Test of English (LTE) is a multilevel English test for professional or general purposes, designed to enhance employment and career prospects and to track progress in English. It can be taken as a four-skills test (Listening and Reading, Writing, Speaking), a two-skills test (Listening and Reading), or as single-skill tests (Writing, Speaking), at CEFR levels A1 to C2.

The four-skills test can be taken in a single continuous session via Online Live Proctoring (OLP), or completed in a modular format in-centre (computer or paper-based) by taking Listening & Reading, Writing, and Speaking separately, as shown in the table below.

Remote Online Live Proctoring (OLP) allows test takers to take the test from home 24/7/365 and receive their results within **3 business days**. All that is needed is a quiet room without distractions, a computer, a webcam, and a reliable internet connection. A real person is always available online to guide the test taker throughout the process.
